

# Nutra NanoSpheres

Tiny molecules  
deliver BIG health  
benefits & results

# The problem with pills & capsules

- 40% of all age groups have difficulty swallowing pills & capsules
- 60% of people over 60 struggle taking solid medicines
- 90% of pharmaceutical drugs are not water soluble
- Bioavailability and absorbability of oral drugs and supplements is a major problem for a large percentage of today's population

A breakthrough in  
wellness technology  
provides a new solution:

*Nutra NanoSpheres*

Nutra NanoSpheres do not require normal digestion & breakdown

These molecules stay intact as they pass through the stomach & intestines, into the bloodstream and are delivered into the cells

## Found in Nature. Enhanced by Science.

**Glutathione** is a naturally occurring intracellular antioxidant found in nearly every cell in your body. This potent molecule plays a crucial role in our daily health

Known as the 'Master Antioxidant,' our natural glutathione levels decrease as a result of aging, stress, and toxin exposure

glutathione

Our proprietary method to encapsulate nutrient compounds in a liquid form delivers significant results

### *Structure of the Nutra NanoSpheres (NNS)*

1. The ‘micellation’ of Glutathione results in bioavailability that is **significantly better than capsules, liposomal delivery and injectable methods**
2. The accessibility into cells is enhanced many times using the NNS to pass into the cells (including passing the blood-brain barrier)

3. A natural fatty acid encapsulates molecules in nanosized 'micelles' which are so small - 500 micelles would stretch across a *single* red blood cell

4. No solvents or chemicals are used in our natural process of "entrapping" the Glutathione in the micelles. This process enables us to achieve unmatched bioavailability and potency in all our nutraceutical formulas.

## Top 7 benefits of Stamina 12 Glutathione

1. Antioxidant protection against autoimmune & inflammatory diseases
2. Immune support
3. Insulin Sensitivity Improvement
4. Pain Relief
5. Liver Detoxification
6. Skin and Anti-Aging Benefits
7. Improved Sleep

# Stamina 12

Clinical level health benefits *without* a prescription
